UnPressed Release

A "Roots Reunion" Celebrating the 10th anniversary of A Nappy Hair Affair!

Hairline: Dallas, Texas -- Mark your calendar for our Roots Reunion, celebrating the 10th anniversary of A Nappy Hair Affair!

Time: Saturday, August 23, 3 p.m. until midnight.

Location: Meditation Station, 3800 Commerce Street,(inside Mitchell Lofts building, Loft 209, Door code 6014), Dallas.

Cost: ANHA members free; \$5 for supporters. Food/drinks available for sale.

The ANHA Roots Reunion will bring together nappies, permies, nappy minds and all manner Moseetta B&Wof kinky kindred spirits for a day and evening of love and nappiness!

The host of this anniversary reunion will be yours truly, Linda "Mosetta" Jones, the "twisted" nap activist and founder of A Nappy Hair Affair. My co-hosts will be performance APartist Alejandro "A.P." Perez and Tepra Nuqennu M'khaimu, who is growing back his nappy 'do just for the event and providing his warm and wonderfully eclectic loft space for us to celebrate!

This grass-roots gathering will be the time for ANHA members who have gone astray to come back and re-dedicate themselves to the kink! I stand ready to lovingly and unconditionally "naptize" you and any other backslidin' hair heathens back into the fold! (Did I say "lovingly and unconditionally?") I'm also sending a shout out for members of De Johnson's Nappiology in DFW meet & greet and my crew from Killeen to show their faces in the place!

Members of Moseetta's "Community" New Growth Choir, under the directorship of Sister Oni Kedara, will be there to sing inspirational renditions of Oh Nappy Dayoni and You Make Me Feel Like A Nappy-Headed Woman. Brother AP, whose natty looks and voice invokes the spirit of legendary Rastaman Bob Marley, also promises to do little 'wailin' on our behalf! (Want to join our choir? Hit Oni up at: kedaralotus@gmail.com.)

Our Roots Reunion will include big screen video showings of Hair Days past and heart-warming images of the nap-nurturing between strangers who fast became friends. Also in the mix will be clips from our Love & Nappiness, featuring GNO preaching Brother Keith Owen's "Sermon on the Nap!" You'll see snippets of our special Hair Day for Katrina victims and me doing my signature "Nap Dap" in a South Africa shantytown with my newfound and ironically-permed sister friends.

Stick around for our evening Open Mic session and share some spoken word and music that celebrates all aspects of our hair and our hairitage!

The ANHA, 10th Anniversary Roots Reunion will be a family gathering that you won't want to miss.

Remember to bring your own towel and hair products if you want to get your hair "did" and put a floor pillow in your car in case we need some extra seats!

Please be forewarned: All guests will be checked at the door for concealed hot combs or any other weapons of nap destruction!
